

# #110 Super Machine Dish Powder

## Product Description:

A chlorinated machine dishwashing powder. Free rinsing. Chlorinated to keep coffee, tea and lipstick stains from depositing on china and plasticware. Prevents water hardness from forming a film on dishes, glassware, silverware, etc. Keeps lime, magnesium and iron precipitates in solution to prevent mineral build-up. Specially designed for institutional use.

## Where to Use:

Automatic dish machines only.

For use on:

all dinnerware	pots & pans
china	silverware
glassware	plasticware

## Directions for Use:

### READ ENTIRE PRODUCT LABEL PRIOR TO USE

Wipe dishes and utensils of all food particles. Removing excess grease and residue avoids clogging the machine and prevents foaming. Use 1 – 2 tablespoons per load. Replace cover tightly to keep out moisture and store in a dry place.

## Packaging & Other Information:

25# pail • 50# pail • 100# drum

White powder – chlorine scent
