

AC-PEROXY

Kills C. Diff Spores in 2 Minutes!

And NOW it's tuberculocidal - NO BLEACH

Benefits/Features

- Concentrated, broad spectrum with highly effective antimicrobial properties and it **kills TB** too!
- Easy to use product for most SURFACES
- Heavy duty, one-step disinfectant, cleaner and deodorizer
- Evaporates completely – leaves no visible residue
- Effective against multi drug-resistant organisms
- Contains hydrogen peroxide – cleans to a shine
- Destroys odor causing bacteria
- Dye & Fragrance Free – Good environmental profile

AC Peroxy Compatibility - will not harm most surfaces. Pretest first.

- Finished Floors, Glass, Mirrors, Aluminum, Metal, Chrome
- Laminated Surfaces, Enameled and Painted Surfaces
- Glazed Porcelain, Tile and Ceramic
- Sealed Granite, Marble, Limestone, Stone, Terra Cotta, Terrazzo, and Slate, Plated and Stainless Steel, Plexiglas, Formica,
- Painted (finished) Wood, Washable Wallpaper, Vinyl, Plastic, Conductive Flooring, Walls, Ceiling, Fixtures

Removes: bathtub ring, body oils, dirt, grime, blood, fecal matter, urine, and other organic matter, laboratory stains, common soils, and stains.

Handling: AC-Peroxy should be stored in a cool, dry place. Product has vented caps and must be stored upright, away from bright sunlight. Sunlight will increase the temperature in the headspace of the package causing the gas to expand faster than the venting membrane will allow. Read the entire label and safety data sheet before using this product.

Locations:

HEALTHCARE: hospitals, nursing homes, medical and dental offices, operating rooms, isolation wards, patient care rooms & facilities, recovery rooms, emergency rooms, labs and more.

LAUNDRY: The CDC recommends AC-Peroxy for use in laundry for C. Diff soiled linens at a dose of 4 oz. to every 50 lbs. of soiled laundry.

Also effective in non-medical facilities!

FOOD PROCESSING: food processing plants, USDA inspected food-processing facilities, dairy farms, hog farms, mushroom farms, rendering plants, canneries, meat packing plants, hide and leather processing plants.

SAFETY: Must read entire Safety Data Sheet before using this product.
