PRODUCT DESCRIPTION

Arrow formulated this product as a liquid chlorinated machine dishwashing detergent for use in injector detergent feed systems to effectively clean grease and hardened soils from dishes, glasses, and silverware. Removes stains and prevents mineral build-up. Use with Arrow 116 All Temperature Rinse for sparkling clean, spot-free dishes every time!

DIRECTIONS

See full label for complete directions.
FOR USE WITH AUTOMATIC DISPENSING EQUIPMENT ONLY.
 See your service representative for reliable, accurate dosing tailored to your specific needs.
