PRODUCT DESCRIPTION

Economy Hand Dish Powder from Arrow is ideal for manual washing, delivering strong cleaning power with extra suds. This mild detergent contains no harmful alkalis, abrasives or fillers, cleaning glassware, stainless steel, silverware, plasticware, china, pots & pans with no soap film or streaks.

DIRECTIONS

See full label for complete directions.

Wipe and scrape off loose residue. Put 3 oz. of powder into wash tank and fill with hot water to dissolve powder and create an abundance of suds. Allow pots and pans to soak for a few minutes for easy cleaning. Rinse with clear hot water and drain. Sanitize according to local health regulations.
