PRODUCT DESCRIPTION

When you need to clean, polish and protect, Arrow's Stainless Steel Cleaner & Polish delivers exceptional results! The multi-purpose solution easily removes old wax build-up and fills in minor scratches, leaving a like-new glisten on stainless steel. The solution provides an invisible protective film that resists smudges, fingerprints, and further soiling. Use on stainless steel appliances, cabinets, and furniture; also effective on plastic.

DIRECTIONS

See full label for complete directions. Apply with a pre-dampened soft cloth or through a trigger sprayer to surfaces. Rub lightly to spread solution over entire surface. Polish with a clean dry cloth. Use this product on stainless steel, appliances, furniture, chrome, and filing cabinets.
