PRODUCT DESCRIPTION

Arrow formulated Bana Oil Mop treatment to quickly lift dust and dirt using lightly sprayed cloths or mops. The economical solution leaves floors bright and protected.

DIRECTIONS

See full label for complete directions.

New & Washed Mops: Treat using ½ oz. per inch of mop head. Spread or spray over entire mop head and allow to cure overnight before use.

Daily Used Mops: Treat with 1 oz. to every 8 inches of mop head and cure overnight before use.

Treated Mop Use: Push over floor, moving dirt and waste ahead and absorbing fine soil and dirt into mop head.
