PRODUCT DESCRIPTION

Arrow's No Acid Bowl Cleaner easily and effectively removes daily accumulations of lime, rust, mineral stains, and soil from toilets. This versatile cleaner is also safe on all restroom surfaces when diluted using a 4:1 ratio.

DIRECTIONS

See full label for complete directions.

Toilet Bowls & Urinals: Remove water from bowl by forcing water over trap with a swab mop applicator. Press swab against side of the bowl to remove excess water from applicator. Apply 1 - 2 oz. of this product evenly to cover entire surface of bowl/urinal. Swab bowl and rim completely using a scrub brush or toilet mop. Flush.

Bathroom Surfaces: Use 4 oz. per gallon of water. Apply to surfaces using a sponge, cloth or through a trigger sprayer. Wipe and thoroughly rinse all surfaces wiping away dirt and grime.
