PRODUCT DESCRIPTION

Arrow's Active Porcelain Cleaner quickly removes rust, scale, stains, lime, and urine salts, leaving bowls sparkling clean. The unique formula contains a disinfectant that destroys bacteria commonly found in toilet bowls and urinals. Stop odors at the source with a lower acid, non-harsh solution ideal for porcelain and vitreous china.

Contains Hydrochloric Acid.

DIRECTIONS

See full label for complete directions.
To disinfect toilet bowls:

1. Flush toilet.
2. Add 10 ounces of this product directly to the bowl water.
3. Scrub bowl completely, making sure to scrub under the rim.
4. Let stand 10 minutes and flush.
