## PRODUCT DESCRIPTION

Arrow's Pro-Shield Stain Protector is a water and oil repelling finishing agent that provides excellent soil resistance on carpets, leather and upholstery fabrics. Designed to protect home, commercial furnishings and automotive upholstery from wet and dry soiling, the formulation produces a durable finish, helping treated fabrics and carpets retain a like-new look. Use Pro-Shield Stain Protector on all types of upholstery fabrics, carpets made from synthetic or natural fibers and blends.

## DIRECTIONS

See full label for complete directions.

## FOR PROFESSIONAL USE ONLY

Always test compatibility in an inconspicuous area before using this product. Pour contents directly into a sprayer and apply. Use a coarse spray device such as a trigger sprayer or low pressure (35-45 psi) dispenser with particle size production of greater than 15 microns. Do not aerosolize or atomize. A uniform spray is essential to insure an even, optimum treatment. Allow time to completely air dry.

**Coverage:** 250 - 500 sq. ft. per gallon, depending on application rate, method of application and porosity of the substrate.

## PACKAGING

4/1 Gallon Case
